Topics discussed:

March Release Notes
<ul style="list-style-type: none">Robert reviewed the bugs and enhancements in the March release.
Billing Update
<ul style="list-style-type: none">Jamie asked Robert to remind everyone that we are not keying bills into to DAR anymore and not to batch in WITS. Once the automation between WITS and BARS is complete, WITS will automatically transmit the billing information to BARS. There is no ETA on when the interface will be complete.
Billing for CMH
<ul style="list-style-type: none">Robert answered billing questions from the regions. He informed us that WITS will be updated with ICD10 and DSM V but we do not have an implementation date yet.
19-2524 Update
<ul style="list-style-type: none">Robert gave an update on 19-2524. Jamie is in a meeting today finalizing the process. As soon as the process has been finalized, it will be sent to Program Managers for review.
New Note Functionality
<ul style="list-style-type: none">There will be a condensable Encounter Summary Report which will allow encounter summaries to be shared between regions regardless of what the Consent Written Note indicator has been set to.
Potential for Regional Training
<ul style="list-style-type: none">There is the possibility of funding for regional onsite trainings later this year, please send any training topic that you would like to have considered to Robert or Jamie. More details will be sent as they become available.

Community Hospital Payments

- The payment process is still being finalized and the details will be given to the Program Managers at their next program managers meeting.
